

09/07/13

To: Members of County Commissions;

Hi, we are writing to you and all county Fish and Game Commissions in an attempt to find out if there is any interest in forming a group of people to fight the bills that are, either currently in, or will be presented, in the California Senate and Assembly that are anti hunting or trapping.

We feel that the loss of hunting bears with dogs, Bill # 1221, and the loss of hunting/trapping for bobcat Bill # 1213, are just the start of an attempt by certain groups to eliminate all hunting in this state. We feel that our State representatives are voting these bills in for the wrong reasons, be it campaign contributions or just political pressure put on them by anti hunting groups. Therefore we are proposing to get a group together (mainly by email for now) that could have more of an effect fighting these bills by writing our congressman as a group instead of as individuals.

Whether we do this as members of our County Commissions or just individuals in a group to be named later would be decided on depending on what route we take in opposing these bills.

For now, we would just like to see how many of you would like to be involved in such a group, but along with it if you have any ideas on how to accomplish this goal it would be greatly appreciated.

Thank you  
Steve Tanner & Todd Testerman  
Glenn Co. Fish & Game Commissioners
